

MAJestic Disclosure

This is a disclosure. This is an actual APPROVED disclosure. This is the spotlight in the dark about our extraterrestrial friends, and YOU are lucky enough to be here while it is up and running. It will go down soon. Please enjoy it while it is up.

Welcome.

Now, of course, MAJestic is just simply not supposed to exist. Even President Obama has told the world that there is nothing to say. You can believe him. Many do.. There is something about him that appeals to many Americans. So when he talks people listen. After all, he is the most transparent president in the history of the universe, don't ya know.

He attractive (according to the media), smart, skilled, rich, and knows everything. So of course, you can believe him.

Or you can believe me; an unknown old stodgy man. I am not popular, rich, politically connected, I don't have armies of followers. I am unknown. I am old. But, I do know a thing or two about MAJestic. Afterall, I held a very important key role within it for over thirty years.

So...

Do you REALLY want to know about the world and our place in the universe? Do you really want to know what is actually going on? Do you really want

the truth?

Well, here it is. As such, I am authorized to disclose a very limited and specific reality to those willing to listen.

This is it.

Disclosure

To begin, oh, wouldn't it be nice...

Wouldn't it be nice if the American government told us the "truth" about flying saucers, and UFO's? Wouldn't it be nice if the veil of secrecy was lifted and the President of the United States would go in front of the American people and told them the "truth".

Wouldn't it be nice.

Well, boys and girls, it's NOT going to happen. It's not ever going to happen.

The best, and perhaps ONLY, shot at knowing what is "really" going on and

why, is myself. That's about it. And, at that, I only know *a very little*, at least in terms in which you (the reader) can understand. I have been *instructed* to present this disclosure using this methodology to everyone to view.

The reader can consider this blog as the "official" MAJestic method of disclosing the "truth" about extraterrestrials, science, reality and other controversial subjects to the reader.

But, you know what? You are probably not ready for it.

We humans are relative infants compared to the rest of the sentient life in our galaxy. We think that we know so much, and are so in control of our lives, and our world. We are ignorant. We don't know bumpkis.

"Considering further that technological development in our civilization started only about 10,000 years ago and has seen the rise of scientific methodologies only in the past 500 years, we can surmise that we might have a real problem in predicting technological evolution even for the next thousand years, let alone 6 Million times that amount!"

-Dr. Colombano

To begin with...

Everything that you know is wrong.

Everything you Know is Wrong

Everything that the reader knows, think they know, read, and have studied is all wrong. It is wrong. That is the best and only way that I can say it. What we think we know is in complete variance to the true and real reality.

The truth is that, at best, humans understand only the most trivial of the mechanics of the universe. The use of a computer instead of one's own brain to derive Maxwell's equations is a pure example of this. We think we are masters of our world because of the tools that we fabricate. That is like saying that your wife is a gourmet chef because she makes a "killer" tuna casserole.

It's not true. Not at all. So for starters, let's knock the human understanding of itself down a notch or two. Humans know diddly squat about reality. We know jack shit.

I ask the reader to imagine that everything that you have learned about the world, science, the universe, man, history, and religion is **WRONG**.

It is wrong.

It is wrong, wrong, wrong.

It is all **WRONG**!

The True Reality

井底之蛙 jǐng dǐ zhī wā refers to the story of a “frog at the bottom of a well,” who believed that the well was the whole world, and that the speck of light above him was the sun. This idiom refers to people who are narrow minded or who discount things outside of their own experiences.

Now, let me give the reader a glimpse of what the true reality is. Forget what you learned in school. Forget what you see on the television or on the Internet. Forget what you remember.

Forget it all.

Nothing is fixed. It looks that way. It is measured that way. It just seems that way. We have a past that apparently cannot be changed. We have mistakes and accidents that cannot be undone. We have trees that cannot go back to being a seed, and babies that cannot go back into the womb. To humans, it is one straight arrow of time that is fixed and follows some certain unchangeable laws.

Right?

No. It only looks that way to us within this “bubble of reality”. The truth is something different. Indeed...

Everything can be Changed

Instead, imagine reality as something that can be changed or “opened up” by people with the right technology. Imagine the three-dimensional reality of all that we know, and time and thoughts regarding it can be altered and changed easily by those with the power to do so.

Just imagine...

To us, we would see people walking in and out of the air. They would appear

and disappear. It would be as if they simply walked behind a curtain, and were gone.

They just disappear into thin air!

That is the reality that I am discussing. That is the reality that I am presenting. That is the reality that I am explaining. For the reader, I ask you to suspend your disbelief and understand that you have eyes that can only see a mere three points of view. You can only see three aspects of what is in actuality an 11 viewpoint condition.

Our Limits

Our biology limits us. It limits how we think. It limits how we see and sense things. It limits how we process information. The only way that we can perceive things beyond our limitations is through assistance.

So, if an entity whether it is an “angel”, an “extraterrestrial”, an intelligent camel or dolphin, or even a physical manifestation of Peter Pan were to extend our realms of perception, we would start thinking differently. If we could see with more optical cones, we would see more colors and new horizons. If we could expand the smell receptors in our nose we could better smell the world around us. As a result, we could see the world as it really is, not what we of limited perceptions, think it is.

Likewise, if we could sense the full electromagnetic spectrum we would see

just how connected we all are, and that the limitations of space are not what we think it is. We would perceive the world in a new light. We would see things in a different way.

Imagine if somehow a creature (like an angel for instance) were to have inherent abilities that are beyond the concept of man. Further, imagine that they were to enhance humans with some kind of limited perception improvement. Would that not change how we view reality?

What if the “angels” had abilities to transcend our reality?

What if they could interact with Heaven just as easily as humans could interact with a doorknob? What if they could speed up the present, slow down the future, jump into different world-lines or alter the very nature of your reality? Wouldn't that in itself alter their way of thinking?

Imagine that the very fabric of who we ARE can be changed.

Time can be Changed

Imagine that our past can be altered, and our futures changed. Imagine a universe where anything and everything is possible, but using that ability comes at a great cost and the price for ability is costly.

In this world, portals or openings in our reality can open up and passage-ways to other places, times, and realities can manifest. When this happens people and things can move in and out of what we consider to be real. To an outsider, it might look like people just appear out of nothing, or walk in-to nothing and disappear.

That is the TRUE reality.

What we think of our “reality” is just a “room” with a fixed state of conditions. Most people live their entire lives within this “room”. As this is all they know. They treat it as if that is all that there is. They argue against anything else as blasphemy. They strongly fight for their statist viewpoint.

Meanwhile...

There are others who can enter these “rooms” of reality at will. They enter and leave. They treat the entire universe as a series of “rooms” that they can enter and leave at will.

Imagine that throughout history that people have, from time to time, observed such strange events and they have flummoxed the observer. Because the observations could not be repeatedly observed, that mainstream science has discounted the observer, but that has in no way minimized the frequency of observation.

Enter MAJestic

Everybody *suspects* this to be true. That is why people attend churches, watch movies such as “The Matrix”, and watch televisions shows like “The X-files”, and “The Outer Limits”. We want to understand our role in this life.

They feel that there is something more to life. They just cannot accept that what they see is just all that is. They believe that there is *something* more. They don’t know what it is. They just know that it is something else, something better, something more.

The Agents

So, imagine that there are those who do ACTUALLY know what the “real world” is like. They aren’t noted television personalities. They do not hold lofty positions in government. They are not attractive. They do not wear designer clothes or drive expensive cars. They do not make political policy positions verbally in public. They are not rich, successful, famous or popular.

They are different. They are *metallic* in their understandings.

Maybe the "X-Files" were right.

These individuals are not gifted with special perceptions at birth. No. Instead, they are selected. They are normal guys and gals like anyone else.

They are just normal, maybe like you the reader are...

They were given and provided with perception enhancements and roles. These are the true agents of change. For they can see the true nature of reality. Indeed, they are the precious few who actually can "see outside the box".

The Others

Further, imagine that there are *others*. They are not human. They are not fa-

miliar, they are different. Now, whether technologically advanced, older as a species, or with governing spiritual directives they choose to utilize such technologies.

Indeed, they are not human. They are something else.

Further, these *other* beings choose to interact with humans for their own purposes (whatever they may be). They select and choose the humans to work with. They make the rules because they are far superior in ability, skill, knowledge and just about everything else to humans.

Collaboration

Further, at some time in the past, these entities have determined to collaborate up with humans in this reality to work together for the common good of all concerned. They have created numerous organizations to support this effort. The *platform* for this interaction is the human common reality.

- Imagine, that I was *selected* to join one such organization.
- Imagine that this organization had a “*role*” for me.
- Imagine that I refer to that organization as “*MAJestic*”. I do so for my own purposes.
- Imagine that I was in this organization for thirty years and then *retired*.

I am a normal and average human man. For reasons that are discussed else-

where, I was in the right place, at the right time, with the right skills, and the right abilities and offered a role within this organization. I participated in it alongside my normal, average, and often boring human life.

Dudes, real life is not a Hollywood movie. You work, get married, have a family, have children, get divorced, get laid off, get sick, have parents who die. You live life as that is the human experience. Alongside this experience, I conducted my role. It wasn't exciting, involved international intrigue, or anything like that. It was something else entirely.

About the Disclosure Proper

Consider that the organization has two components. It has a [1] *human component*. It also [2] has an *extraterrestrial component* which had a completely different set of objectives, rules, methods and operational parameters.

I retired from the human MAJestic organization. However, I am still active in the extraterrestrial component of the organization. (They do not understand the concept of "retirement".) As such...

- Imagine that I am permitted (by my entangled handlers) to relate my experiences to others (in a very specific and limited way) so they too can grow as a human.
- Imagine that I am *FORBIDDEN* to disclose any confidential material.
- Imagine that this disclosure is my FINAL and ULTIMATE *role* within MAJestic. As such, it might even be considered as my MOST IMPORTANT role.

This is what *this blog* is all about.

This Metallicman Blog

In the world today are many ways and means to communicate. We like to think that the “best” way to communicate is to be on a Presidential tweet. Or, maybe an interview on Ellen DeGeneres’s television show. We wrongly believe that CNN, ABC, the BBC or Pravda are the best and most suitable techniques for information dissemination.

That is wrong.

The reader should consider the idea that proper dissemination of information is NOT best accomplished by providing information to *everyone*. Rather it is accomplished by providing key information access to targeted *people*.

via GIPHY

If you stumbled on to this site, then obviously you have some *role* in being here. Good or bad, like it or not, there is something for YOU on this site.

And that is how it works. Nothing is a coincidence in our reality. It is

all a nice scripted play that we live our lives through and obtain experiences for.

Limitations

I am instructed to follow certain defined rules in the presentation of information. Authorization is *limited* and *conditional*. There can be no deviations. As such;

1. I can ONLY present the information in a specialized format.
2. Subjects, content, and presentation are formal and ritualized.
3. I am instructed to present it as if I were talking to a close friend.
4. The information can ONLY be presented in a format that a reader could apply to their own life *personally*.
5. I am instructed to present ideas and concepts *regarding life* as opposed to direct facts and data.
6. I am permitted to select the subject matter.
7. I am permitted to interject my personal feelings and thoughts.
8. There are limits as to what I am approved to talk about and discuss.
9. I am forbidden to discuss MAJestic operations in any detail except as an overview.

MAJestic Notes

All organizations ultimately revolve around the improvement of the lives of people in one way or the other. This is true whether or not it is the FDA, the FCC, or NASA. There is a lot of nonsense on the internet. While there are conspiracies and a host of "bad actors", most organizations serve a prime purpose which is to improve the lives of people.

That is most certainly the case with MAJestic. No matter what the disinformation on the internet has to say otherwise. At the very start, MAJestic was established to improve (and protect) the lives of Americans. That hasn't changed. However, the understanding and the scope most certainly has.

As such, this disclosure will not look like anything that the reader is expecting. Instead of an information filled disclosure giving names, dates, references, and hard data, it will look like a rambling blog by a grouchy cantankerous old man. As such, I talk about Heaven, busybodies, life in other nations, OOPARTS, food, and all sorts of odd things. I talk about my life, China, work, and day to day experiences. That is how this disclosure is supposed to be structured.

Life is about the experiences we have and how we use those experiences to better our lives. I was gifted (or perhaps cursed) to know how our reality actually works. By discussing life, from the point of view of my knowledge, I can impart knowledge to the reader. Which is, ultimately, the purpose behind MAJestic in the first place.

I personally cannot see any advantage in this. However, this is the way that it is to be done. Like everything, the disclosure has a purpose and a role. I remain confident that the objectives behind the methodology will eventually be realized. Good or bad, right or wrong. This is it.

Take it or leave it.

A Cautious Depiction

I am *permitted* to write using my own thoughts and opinions. I do take advantage of this. After all, I am paying for this entire effort out of my own (very limited) pocket. Therefore while this is an “official” disclosure, it is not what is typically considered a “corporate style” statement. So, I BEG the reader not to read too much into my opinions and attitudes. It is a consequence of my experiences.

For some reason, mostly ignorance, people tend to expect things to be presented to them in a nice and neat organized manner. The presentation will be built upon well-known facts and ideas. Concepts if they differ would be easily explained and elaborated on in a simple but effective manner. The entire explanation would be clean, and simple.

I am, after all, an old grizzly geezer. Please keep that in mind. Heck, I

still listen to Poco. I still enjoy (the music group) Bread. I have old-fashioned ideas about things. I am not hip, up-to-date, or “progressive”. Please keep that in mind.

This disclosure is laid out in an apparently disorganized way. It appears that way because the basic assumptions that we humans have made for many of our sciences and understandings is bluntly incorrect. Thus the information when presented will appear cluttered and confusing to the reader.

Please kindly keep that in mind. While I tend to be sarcastic, and often make fun of people, I mean no harm. In my day, we used to do this all the time. It was a kind of a way to show respect. It is sort of like how you are to people in Boston. You swear and yell at them, and yet go out and have a beer with them later on. It's harsh, but NOT unfriendly.

Final Warning

To read and understand what this disclosure is all about, you will need to wade through MY *opinions* and thoughts. I think differently. My experiences are different. The way I describe things might be offensive.

All of this might be *very distasteful* to you depending on your experiences and life. Hey, that is the way it is, and I understand this to be part of the package. So be it.

You might need to take a stress pill to be able to handle some of my old-fashioned and outdated opinions.

This all might be too stressful for you. I would advise you to take a stress pill and relax. What is written herein are my opinions. They do not have to be part of your reality.

MAJestic Related Posts – Training

These are posts and articles that revolve around how I was recruited for MAJestic and my training. Also discussed is the nature of secret programs. I really do not know why the organization was kept so secret. It really wasn't because of any kind of military concern, and the technologies were way too involved for any kind of information transfer. The only conclusion that I can come to is that we were obligated to maintain secrecy at the behalf of our extraterrestrial benefactors.

How to tell if someone is in MAJestic (Part One)

There are many fakers out there. I really do not know what their motivations are. Some might actually have some experience, I don't know. None of them seems to have any kind of background that even approaches the membership I know of. This is how you can sort out the truth from lies.

How to tell if someone is in MAJestic (Part Two)

In this second part, we go into details on how the United States safeguards secrets. We talk about the MJ-12 disclosure and a historical overview of MAJestic. We also discuss the various reasons and restrictions that MAJestic is operating from. It's an important read.

Top Secrets and Flying Pigs

Here I try to explain how the Special Access Program works, and described how the most secret elements of those programs are kept waived and unacknowledged. I discuss why, and use the example of a fictional "Flying Pigs Program". To understand MAJestic, you need to read this.

The “Sales Pitch” Used to Ask Naval Aviators to Give Up Everything for MAJestic

This is a narrative on how I was offered the role within MAJestic. I was in training to be a Naval Aviator when I was called upon by the base commander. He asked me, and another AOCS, to join. This is how he convinced me.

Feducial Training of ELF-Based MWI Access

This is a small post about the training that we needed to learn into to enter into a transport mechanism for MWI access. You cannot access and switch world-lines without being able to access and “center” the implanted probes. This discusses this procedure and training.

MAJestic Mandated ELF-probe Implantation

This post goes into detail on how the first two “kits” of probes were implanted into my head. All of this procedure took place on the Naval base at the ELF substation. At the time, only myself and the other member of my “cell” aside from the Commander took part in this procedure.

My Very First MWI Portal Egress

This is a narrative of my very first experience in world-line travel. It happened immediately after I gave up flying as a Naval Aviator and joined the MAJestic organization. After training on feducials, and implantation, I joined a group of others and left our world-line.

First Egress Destination - EBP Implantation & Entanglement

This is the narrative of what transpired when I entered the Fixed Dimensional portal. I went to an extraterrestrial medical facility where a EBP was installed within my body. I discuss what happened and my first encounter.

Post EBP Reconstruction -Return To The Navy Barracks

This is my narrative on how I exited the dimensional portal and returned back to the Naval base. I discuss what it was like meeting my fellow classmates and how I was instructed to leave the Navy and become a civilian. This is how it is done and what I experienced.

After Implantation – Lost as an Autonomous Vagabond

This is my story of what happened after I joined MAJestic, and left the US Navy. I was fully actuated, but not yet trained in using my abilities. As such, I was a “loose cannon”, and existed in a very confusing state of reality. I was the real life Jason Bourne.

Rescue from the Wilderness – A Special Assignment

This particular post discusses how I found my way back to the Navy again, and began my “training”. I went into the desert to a Naval base located in the middle of the remote desert. At that time, I had no memory that I was part of a secretive military program, and thus the “special assignment” held little tangible meaning for me.

Probe Calibration and World-line Training (Part One)

Here is the story how the set of MAJestic probes, placed inside my skull, were calibrated. This took place after implantation, and involved calibration exercises at the Naval facility at China Lake in California. This is a two part post and discusses the facility and actions there.

Probe Calibration and World-line Training (Part Two)

This is the second portion of the two part post In this section we talk about how I was instructed in the operation of calibration of the probes and how I was provided with some limited knowledge in how to modify the programming. It wraps up with my exit from training.

Adventures in World-Line Travel

Here are a selection of stories and experiences that I had when I was involved in world-line travel as part of my MAJestic mission parameters. As such, my experiences gave me some insight into the nature of the universe and of our human species. I hope this is an enjoyable read.

MAJestic Mission Shut-down & Retirement

All programs must end. This is how members of MAJestic that have core kit #2 probes implanted are retired. As they all need to be retired in a specially equipped facility and subject to a life time of monitoring. We cover the entire process and what is involved.

The Ultimate Method to Make Your Computer Safe and Secure

The best way to make your computer secure and private is to have very strong encryption and use an obscure operating system that very few people know about. Here we look at 37 obscure computer operating systems.

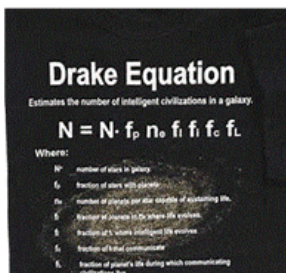

What life is like inside the ADC Prison in Arkansas

This post discusses what life is like in a hard labor prison in Southern Arkansas. We discuss hoe squads, food, the hole, commissary, dress, fashion, homosexual culture, prison gangs, murders, relationships and other aspects of life when you are sentenced to "Hard Time".

MAJestic Related Posts – Our Universe

These particular posts are concerned about the universe that we are all part of. Being entangled as I was, and involved in the crazy things that I was, I was given some insight. This insight wasn't anything super special. Rather it offered me perception along with advantage. Here, I try to impart some of that knowledge through discussion.

Enjoy.

The Drake Equation as Viewed by MAJestic

Many people use the Drake Equation to figure out why the average person is not exposed to extraterrestrials. Yet, MAJestic members know the real reason. Here we review the variables within the equation relative to MAJestic understanding and discuss things relatively.

Our Galaxy as Presented to MAJestic

Here is a very general overview of the little that I know about our galaxy. It is a mixture of known and accepted science blended with what I was exposed to in MAJestic. Of course, what is presented is within the limits of what I understand, no more. So it is actually a rough outline.

Sirius is not the home of the Enlightened Extraterrestrials

There is a rather large number of “spiritualists” who are convinced that enlightened beings from the Sirius solar system have come to earth to teach and instruct us humans. I actually find it rather laughable. Here, I review what Sirius actually is and why no great enlightened beings live there.

The Alpha Centauri System

Here are my thoughts on the Alpha Centauri System. It is, as always, a mixture of conventional science and what I know through my relationship with MAJestic. Keep in mind, that I am a man with limits. It is but an overview, and what is presented might hold some surprises.

The Fuselage embedded within the rocks of Victoria Falls

There is evidence that there was an accident (of some sort) that damaged a vessel (of some type). Over the years it has become buried in silt, which later turned into stone. Here we study this issue.

The Hammer inside the Rock – The “London Hammer”

Here we have evidence of a shellfish dislodging apparatus or hand-tool that was abandoned millions of years ago. Here we study this artifice. We look at the manufacturing challenges in making such an object and study the environment in which it was lost.

The Hollow Moon

Why is the moon hollow? This is one of those uncomfortable facts that just doesn't jive up with the conventions of accepted scientific knowledge. Yet, every study has confirmed this to be the case. Here we study this issue in detail.

The Mystery of the Lapulapu Ridge

Deep down under the sea in the greatest depths of the Pacific ocean is a mobile underwater city. It's been *operating there for many, many years. It has been leaving* tracks and debris middens all over the place. Here, we look at this in some detail.

Mystery of the Baltic UFO

Sonar scans, and visual confirmation, indicates that a large disc shaped object skimmed the undersea world of the Baltic sea and crashed. Subsequent investigations were suppressed. Now, all that is available for study are a small pile of rocks. Let's look at this mystery shall we.

Mystery of the Bronze Bell found inside a block of coal.

A hand-bell made out of brass was discovered totally encased in a solid block of coal. What is so interesting about this bell is that it depicts a winged humanoid. The only thing is, the coal dates from a time long before birds, where only insects flew in the skies.

The Oil Lamp Discovered in a block of coal

Many things have been found encased within rock hard coal. One of which is a small "pot". This is obviously the lower part of an oil lamp, common a few thousand years ago. The problem is what is it doing in millions of year old coal?

Did Extraterrestrials set up a colony in Pennsylvania?

Sounds really strange doesn't it? Well, here we talk about the possibility of a community of very "unique" red-skinned, horned giants, with firearms were actually a colony of extraterrestrials. It's a long stretch. Yet, we look at them from this prism, as unlikely as it is.

The Oxia Palus Facility.

Here we talk about a facility that I know a lot about. It is a MAJestic aligned facility on the surface of Mars in the Oxia Palus region. It is many things, and was initially a mining operation with a smelting and processing facility. Here we discuss this facility as an overview only.

Let's chat about Brown Dwarf solar systems

Up until a very few years ago, no one knew if Brown Dwarf stars existed. Now we know that they do indeed exist, and that they are everywhere. Most people are unaware of them, but they play an important role as these dwarf stars are the home of many an intelligent extraterrestrial.

NASA Manned Space Exploration - What happened?

When President killed the Apollo space program, and Jimmy Carter neutered NASA, everyone sat back, fat and content that money was not being wasted and that instead American infrastructure was being taken cared for. Here is the real reason why Apollo and manned space died.

The Disclosure of the CARET Program at PACL

A full unapproved disclosure of a MAJestic related reverse engineering program was released to the public. It concerned the CARET program at PACL. It was quickly attacked and debunked. A music video was even generated as part of it. Here is the full documentation package.

Yes, We Do Live in a Multidimensional Universe

Here we discuss how world-line travel is possible. We look at the physics of the MWI and the mathematics involved. We also discuss an overview of Heaven, our universe and how our experiences within our reality are important. In our reality, everything is possible. It really is.

The True Nature of the Universe

This is a discussion on the true nature of the universe and how individual realities fit within its' scope. I consider this an important writing and it acts as a "bridge" between the various "schools of thought" on the nature of our universe. What is presented is for your consideration.

Why our Understanding of Reality is False

Here we discuss four paradoxes of the second law of thermodynamics and use this as a springboard to illustrate that it is impossible to understand our reality within the MWI using Newtonian limitations placed on us through observation.

Evolution of the first sentient life on Earth.

Humans are not the first intelligent life on earth. There were many others. Here we discuss one of the first species of intelligent life; the Cephalopods. They have existed for hundreds of millions of years, and now exist as octopi that inhabit the oceans around us. Let's talk about them.

Transport of an Extraterrestrial Modular Structure

In 2012 through 2014, a huge armada of skyscraper-sized modular components was tracked inbound to our solar system from deep space. They decelerated and landed on the moon. This is the story of how MAJestic scrambled to find out what was going on at this time.

The Frightening Possibility of Genetic Social Stratification

The primary mission requirements that I was involved in lay in assisting our benefactors in human sentience determination. The human race is moving towards a day of evolution and key to that point in time is the chosen sentience we select. It has frightening consequences.

MAJestic Related Posts – World-- Line Travel

These posts are related to “reality slides”. Other more common terms are “world-line travel”, or the MWI. What people fail to grasp is that when a person has the ability to slide into a different reality (pass into a different world-line), they are able to “touch” Heaven to some extent. Here are posts that cover this topic.

Some True Stories of Cat Heaven

Being in MAJestic taught me many things. One of which was an intimate understanding of Heaven and other “spiritual” things relative to quanta entanglements. Here I discuss what it is like to have a beloved animal (cat) dies and what actually happens to them and why.

Consciousness Migration for World-Line Travel

This post discusses how Heaven was formed, and what reality actually is. It discusses how world-lines function and just what MWI (Many Worlds Interpretation) is. This little post is the foundation of all aspects of my particular involvement with MAJestic. As such, it is important reading material.

What I miss from my original world-line

This is a little micro-post of some of the things that I miss from my time “before” I got involved with MAJestic and all that MWI “stuff”. It really makes no sense to anyone in this reality, but to me, it’s pretty important stuff. It’s simply a compilation of some of the quirks of this reality that are different to me.

An Observed World-Line Switch - The Aluminum Foil Lady

Here is a report of a person entering this “world-line”. She appears on a busy road and is filmed by an automobile dash cam in the process. She is wearing a protective thermal “space blanket” material coat, and is apparently dressed like a nun. We discuss her and the utility of roads in this context.

World-Line Travel Using Vehicles - Some Examples

There is ample evidence that people are entering and leaving our reality using various methods and techniques. One of which consists of vehicles with heavy devices that enable world-line cross-over events. Here we discuss these events and look at numerous examples.

A World-Line where the Beatles Never Broke Up

Here is a story about a man who ended up getting hurt and was rescued by someone from an alternative world-line. He tell his story and brings back a Beatles mix tape as proof. We discuss his adventure relative to MWI slides and look at commonality of descriptions.

World-Line Creation and Stability Considerations

Let’s talk a little bit about what a world-line is, how it is accessed, and why it sometimes needs to be accessed. This isn’t full of all kinds of stories about visiting different world-lines, but rather why certain advanced species use the MWI to control the sentience evolution of humans.

ProfessorPhate as an Example of MWI Crossover

In 1999 an individual going by the name “Professorphate” produced a narrative claiming that he was from another world-line. In his narrative he talked about this other world-line and the circumstances that brought him to our apparent reality. Presented for curiosity only.

The “Passage of Time” is actually Observed MWI World-line Slides. Here we discuss what time actually is, and the differences between a dimensional egress portal and a MWI slide. We also use examples, two to be exact, where people have entered and left our reality using a 7th dimensional transport. We discuss how this works and why.

What is the Color of Chartreuse; is it Red or Green?

Many people who have lived through the 1980's, such as myself, clearly remember the color to be a deep red like color. However, our current reality describes this color as a yellow green. This confusion is known as a Alter-vús, and this post describes what is actually going on.

Mandela Effect - A System of Soul Management

Here we look at an interesting mystery that is occasionally observed. It is known as the Mandela effect. Essentially it is a situation whereas our memories do not match up with the reality. Here, we look at it in terms of MAJestic and the management and cultivation of soul growth.
